

# Couleur Diamants

*Elabored from Couleur Diamants*

2008, June

Every color conveys images and symbols which vary according to the cultures, the historic periods and the circumstances.

## The color of a diamond evokes:

**Green (olive):** Nature inspiring, popular and delicate

**Orange:** Modern, elegant, warm, tonic

**Yellow:** Shine, elegant, romantic, intuition

**Purple:** Distinctive, warm and glowing

**Rose:** Fresh, feminine, elegance, purity

**Blue:** Royal, male, life, creativity

**Red:** Strength, wealth, love, desire, passion

**Brown:** Comfort, warmth, nature

**White:** Purity, clarity, innocence

**Grey:** Sober, modernism, reflection

**Black:** Dream, the humility, mysterious

---

We find in Natural Fancy Color diamonds all the colors of the rainbow (on approximately 1500) besides the white and the black. We consider that there is a color diamond for 10 000 almost colorless diamonds.
